

### TRANSPARENCY IN HEALTH CARE PRICES ACT

A Senate Bill was recently passed, the goal being to help ensure prices of common healthcare services are made accessible to the public. Under this law, healthcare professionals are required to post prices for their most common health care services. Please reference the list below which is representative of our most common services.

The prices listed may not be the actual amounts paid by insurance companies or by an individual patient as they may vary slightly up or down depending on circumstances.

If you are covered by health insurance, you are strongly encouraged to consult with your insurer to determine accurate information about your financial responsibility for a specific health care service.

If you are not covered by health insurance, you are strongly encouraged to contact our billing office at 970-244-5947. Patient responsibility (regardless of insurance coverage) is due at the time of service and in some cases, due prior to service.

<b>Code</b>	<b>Description</b>	<b>Fee</b>
99204	New level 4 visit	\$ 345.00
